INTERIOR GAS LINE

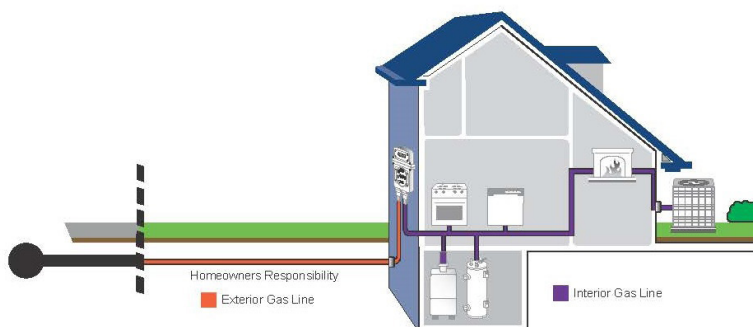

Unexpected problems with gas lines can happen at any time and can cause unpleasant odors inside and outside the home, inefficient or non-working heating and hot water systems and issues with gas appliances. Repairs can be costly and time-consuming. Over 287,000 US homeowners have interior and exterior gas line coverage, which has saved policyholders over \$2.3 million in repair expenses over the last three years.

## PRODUCT FEATURES

- Coverage includes the emergency breakdown repair costs of the natural gas supply lines inside and outside the home
- Covers the gas line from the meter or propane tank outlet connection up to and including the connectors to each natural gas/propane appliance on the property, whether inside or outside the residence, up to and including the appliance connectors on the extension gas lines that exit the residence
- High-quality repairs made by a licensed technician that comply with the most current rules and regulations, including specifications for materials
- Cost and filing of permits, as required, are included

## DIFFERENTIATORS

- Never any deductibles, call-out fees or pre-inspections required
- 24/7/365 live operators for claims and fast call-back and dispatch time – contractor will be on site within 3 hours for emergencies
- One-year guarantee on all covered repairs
- Optional enhancement - hotel and kennel allowance

\*Coverage can be customized according to Partner requirements and specifications.
